"MV PACIFICA" is a professionally built Long Range Full Displacement Flybridge Passagemaker launched in October 2009 and she has cruised the east coast from Melbourne to the Whitsundays and returned to the Gold Coast.

She is perfect for those who want to explore any part of our Australian coastline or simply just cruise around in luxury and comfort with her Naiad stabilisation and Raymarine complete electronics package she is perfect in every way.

Powered with dual 150HP John Deere shaft drive diesel's "MV PACIFICA" cruises all day at 8 knots and gives you a 2,750 nautical mile range approximately and her Naiad stabilisers plus stainless steel flopper stoppers gives you a smooth ride wherever you wish to travel.

Perfection is what you will see once you step aboard will all the equipment and inclusions to enjoy the open sea or inland waterways. Inspection will impress without doubt a genuine boatie who would appreciate the craftsmanship and backup systems presented in this excellent Passagemaker.
